Dear Mr. Mullard:

I would like to apologize for not attaching a map to the August 1, 2006 letter that we sent to you asking for more information about your operation before we could approve your modification.

Attached to this letter is a copy of said map that shows the area around your operation that has been inventoried for cultural resources. Any area proposed for disturbance of any kind (even surface collection) outside of the previously inventoried area will need to be included in a cultural inventory. The cultural inventory will need to be completed before we can proceed with your approval.

If you have any questions, or require additional information, please contact Larry Garahana of my staff at (801) 977-4371.

Sincerely,

David H. Murphy  
Assistant Field Manager  
Nonrenewable Resources

Enclosure: Map of Cultural Clearance
